

II.4.B.3. Terms of Members.

The normal term for members of the Faculty Council is three years. Starting in 2009, terms will be staggered such that 3 of the current members that were serving two year appointments will serve three years and 3 will be re-placed in the election held in Spring, 2010. The 4 members beginning their term in July, 2009 will serve 3 years. After this initial staggering, all appointments will be three years, with approximately one-third the members' terms expiring each year. Individuals may serve a maximum of two consecutive terms. A faculty member is eligible to be re-elected to the Faculty Council after sitting out for one term.
